2. Click in an input field, and type in a value. ...
3. Click the Save icon from the menu bar to save your work.
4. Email completed form to agerdave4@gmail.com

PRIORY SAILING CLUB

Advanced Oppie Pirates Application Form

Parental Responsibilities during Junior Training

Priory Sailing Club has a very impressive record for junior training and has introduced hundreds of young people to dinghy sailing and windsurfing. The organised training programmes, and the club resources made available to junior members, have encouraged many young sailors to become more independent, confident and resilient individuals, helped them gain qualifications enabling some of them to become instructors themselves, and started some on a journey that has led them to compete at the highest level.

All this has been achieved through a partnership between the club's instructors and coaches and the children's parents.

The following helps to clarify the parental responsibilities of those whose children sail at Priory Sailing Club.

- Junior sailors aged 14 or under may only participate in on water activity if a parent or nominated adult is on site.
- When your child is participating in an organised session please assist the volunteer instructors running the session by helping your child with their rigging and derigging, launching and recovery and by ensuring that all the equipment used, including buoyancy aids and wetsuits, is returned to the appropriate store at the end of the session. Please let the trained coaches coach the session without hindrance; if you are interested in becoming a coach please just ask and we'll help with your training!
- We would like to draw to your attention that our changing rooms have limited space and are used by both adults and young people often at the same time. You should supervise your children in this area as you decide is appropriate.
- Club facilities, including our galley, are available for use by all members, including the parents of Independent Junior members.
- Our data protection policy states that the information that you provided regarding your children on the membership application form will be used solely for the pursuance of club business and will not be provided to third parties
- The Club may arrange for photographs or videos to be taken of Club activities and published on our website, social media channels or club noticeboards. Where photographs of young people under the age of 18 are shown then sensible child protection guidelines will be followed. Please note that the lake is in a public park and we have no jurisdiction over people taking photographs from outside of our grounds.
